

# SAGE researchmethods

**SAGE Research Methods** continues to expand, both through annual updates to existing collections and brand new collections. Here's a look at what you can expect in the next few years.

Existing Collections	Annual Updates
<b>Books and Reference Collection</b> 1000+ books, reference works, journal articles, and short videos on the full range of research methods used in the social sciences	+50 new assets per year
<b>Cases Part 1</b> 650+ case studies of real research projects	+30 new cases per year
<b>Cases Part 2</b> 1,500 case studies of real research projects in Business, Education, Health, Politics, Psychology, and Sociology	No annual updates
<b>Datasets</b> 200+ sample datasets to use to master analytical methods	+10 new datasets per year
<b>Datasets Part 2</b> 300 new practice datasets demonstrating methods not covered in the current Datasets collection	No annual updates
<b>Foundations</b> 3-4 million words of newly commissioned content providing an introduction to hundreds of research methods, the research process, and key figures and studies	Half of the content will be published in autumn 2019, and the collection will be completed in 2020.
<b>Video</b> 480+ streaming video titles covering the full research methods and statistics curriculum	No annual updates
<b>Video: Practical Research &amp; Academic Skills</b> 400+ streaming videos titles covering the practical skills needed to successfully conduct original research	No annual updates
<b>Video: Data Science, Data Analytics, and Digital Methods</b> 120 hours of new streaming video focused on how to use and represent data in research	No annual updates

## Coming in 2020...

### SAGE Research Methods Video: Market Research

60 hours on methods used in market research, including tutorials and information on careers in market research.

### SAGE Research Methods Cases: Medicine and Health

500 case studies on medical and health research, focused on research design, covering clinical trials, research ethics, biostatistics, and more.
